

SHARATH KUMAR ELUMLE

FRONT END DEVELOPER

Address: Hyderabad,Telangana.

Phone: +918978364570

Email: sharathelumle23@gmail.com

PROFESSIONAL SUMMARY

Accomplished Front End Developer with over three years of experience, specialising in the creation of intuitive web applications that enhance user engagement and satisfaction. Proficient in JavaScript, React, and performance optimisation, with a strong emphasis on responsive design and seamless functionality across devices. Proven ability to collaborate effectively with cross-functional teams to translate requirements into high-quality deliverables. Committed to continuous learning and leveraging the latest industry trends to drive impactful results in web development.

WORK EXPERIENCE

Front End Developer at Infosys Ltd

February 2022 – Present

- Proficient in React.js, Redux, JavaScript (ES6+), TypeScript, HTML5, CSS3, and SASS.
- Built dynamic, scalable, and responsive web applications with an emphasis on performance.
- Integrated RESTful APIs and GraphQL to enable seamless data interactions.
- Developed reusable UI components to improve maintainability and consistency.

Performance Optimization Expertise

- Implemented lazy loading, code splitting, memoization, and caching to enhance performance.
- Optimized rendering and minimized re-renders using React.memo, useMemo, and useCallback.
- Reduced load times by 40% through efficient asset management and network request optimizations.
- Applied Lighthouse and Web Vitals to monitor and improve application performance.

Collaborative Teamwork in Agile Environments

- Worked in Agile (Scrum/Kanban) teams, collaborating with designers, backend developers, product Manger.
- Participated in sprint planning, code reviews, and daily stand-ups to ensure smooth project execution.
- Translated business requirements into functional, high-quality web solutions.
- Advocated for best practices in front-end development and mentored junior developers.

Impact on User Engagement and Retention

- Developed responsive, mobile-friendly applications, leading to a 25% increase in user engagement.
- Improved UI performance, achieving 40% faster load times and enhancing the user experience.
- Ensured cross-browser compatibility and accessibility (WCAG compliance).
- Focused on intuitive design and UX improvements to boost retention rates.
